Eighteen months later the Patient Protection and Affordable Care Act still elicits strong emotions and reactions from all sides of the political spectrum. Information and misinformation abounds.

- What's in the Patient Protection and Affordable Care Act?
- What is Mississippi doing to implement the Act?
- How can the new law help you and the people you love?
- What is a Health Care Exchange?
- What do doctors think about the Act?
- What will happen to front line providers of health care for poor people?
- Where can I go for help?
- What can I do?
